Darshanath Munasinghe

PROFILE

I'm a motivated, team-work oriented and responsible data analytics student at Hyper Island, Stockholm. My goal is to gain experience within this field and increase data effiency to deliver insights and implement action-oriented solutions.

EXPERIENCE

Scrum Master

Gullersgrupp Hackathon, Stockholm

Sep 2020 - Sep 2020

I helped Gullersgrupp with a hackathon for the fashion store Indiska. I was the Scrum Master for a group. Using design techniques like Double Diamond and other tools from the Hyper Island toolbox, I did my best for my group to win the hackathon.

Ground Handling

SAS Scandinavian Airlines, Gothenburg

Aug 2018 - Aug 2020

I worked with logistics and customer service. In the department, we worked with LEAN procedures and I learnt how to work efficiently without making major losses.

Project leader

Lindome Projektet, Mölndal

Aug 2015 - May 2018

I was responsible of the "Environmental group" of 15 students. Together with the team, I worked with increasing the safety, well-being and participation of habitants in the suburb Lindome. This required structured planning, great communication and good teamwork.
